Everyday just thinking about the future
Thinking that someday, someone will help me
But everyone I tell, say's I'm out of my mind
Having someone to help you, that is no dream

I don't wanna work it out, someone work it for me
I don't wanna say it now, someone say it for me
I don't wanna break it down, someone break it for me
I don't wanna take a bow, someone bow for me

Maybe I'm dreaming for help
But everyone tells me I have to do it myself
Maybe I'm dreaming for help
But everyone tells me I have to do it myself

I thought I'll find a million dollors right of the bat
But I made a mistake telling people about that
They're always bugging me to stop telling them about
Even if I had a dought

I don't wanna work it out, someone work it for me
I don't wanna say it now, someone say it for me
I don't wanna break it down, someone break it for me
I don't wanna take a bow, someone bow for me

Maybe I'm dreaming for help
But everyone tells me I have to do it myself
Maybe I'm dreaming for help
But everyone tells me I have to do it myself

Don't want to work
Don't want a job
Someone work
Someone take my job

I don't wanna work it out, someone work it for me
I don't wanna say it now, someone say it for me
I don't wanna break it down, someone break it for me
I don't wanna take a bow, someone bow for me

Maybe I'm dreaming for help
But everyone tells me I have to do it myself

Maybe I'm dreaming for help
But everyone tells me I have to do it myself

I don't wanna work it out, someone work it for me
I don't wanna say it now, someone say it for me
I don't wanna break it down, someone break it for me
I don't wanna take a bow, someone bow for me

Maybe I'm dreaming for help
But everyone tells me I have to do it myself
Maybe I'm dreaming for help
But everyone tells me I have to do it myself
