Fall in love  
Falling down down down  
I'm falling down  
Down, down, down, down, down

You and me  
We talk on the phone  
Morning til the night  
Talking and chatting til we see light

I used to be  
At home watching tv  
Now I'm outside  
Following you around

Following you everywhere  
Taking me over there  
Following you everywhere  
Taking me over there

Maybe I  
F.I.L  
Fell in love

Maybe I  
F.I.L.  
Fell in love

Maybe I  
F.I.L.  
Fell in love

Maybe I  
F.I.L  
Fell in love

Maybe I  
F.I.L  
Fell in love

Fall in love  
Falling down, down, down

I'm falling down  
Down, down, down, down, down

You and I  
You're the best a guy can get  
When you walk my way, sunshine shines  
When you talk to me, rainbows are here

Showing me the path  
Out of this lonely place  
Where there is barely  
A face

You're the best  
A guy can get  
And you make me feel  
Like I'm the sun

Maybe I  
F.I.L.  
Fell in love

Maybe I  
F.I.L.  
Fell in love

Maybe I  
F.I.L.  
Fell in love

Maybe I  
F.I.L.  
Fell in love

Maybe I  
F.I.L.  
Fell in love
