You are my virtuous whore,  
My only costly courtesan  
But I remain a slave of yours,  
So weakly at your side.  
I acclaim you with honor and pride that be hove to thee  
Tell me tales of dejected pinfold  
You, storyteller  
Show me sham piety  
But why do I accredit?  
Just to embrace your body?  
I curse you dripping blood on the cross forever  
I acclaim you with honor and pride forever  
Now he is dead on the cross dripping blood and this is  
forever...  
Others have grails...  
You have seas...
