you said that you will never stay
and you took the time to go away
so we can open up your eyes
and run away with this disguise

and what i say
i say the end
so take this time
this time again
cause it's the way i feel
i feel inside
let's runaway
just run and hide

cause it's once again
i take this time
i'll runaway
let's run and hide
cause it's once again
we'll say it's true
and fall apart
because of you

you said that you will never stay
and you took the time to go away
so we can open up your eyes
and run away with this disguise
whoah - yeah

runaway with this disguise
whoah - yeah
runaway with this disguise

you've got the cutest eyes to me
i'm telling everyone i see
cause it's the way you look at me
these feelings find the better part of me
so how did you know this time would end
and why did you let it get this far
cause it's a certain part of being there
that makes it start again

you said that you will never stay
and you took the time to go away
so we can open up your eyes
and run away with this disguise
whoah - yeah
runaway with this disguise
whoah - yeah
runaway with this disguise
