I know what it's like
To feel like everything you ever wanted
Is way out of sight
Just keep on trying and soon enough you'll
Find yourself where you wanna be
You'll find yourself living out you dreams

So we say
Were still waiting for those better days
Those better days
We know true friends will always stay the same
So we say
Were still waiting for that chance to say
Our chance to say
We tried our best and sang the blues away

It's summer forever
In my head and in my heart
It's summer forever
In my head and in my heart

They'll say they'll say that your never gonna amount to
anything
Drown the words out
Just drown the words out and you can make this count
