We met some time ago,
when we were so young.
we've been through thick and thin,
We've lost, we've tied, we've won.

Friends forever,
With you everywhere.
Friends forever,
Always will be friends.

If you're down,
I'll pick you up,
I'll never let you fall.
If you ever need someone,
I'm waiting for your call.

We'll be friends forever,
We'll be friends,
Talkin' 'bout friends..
Always will be there,
Will be there. Will be there.

Through it all, hangin' tough,
We'll stay side by side.
We'll be friends forever,
Til' the end of time.

Friends forever,
We'll be friends,
Talkin' 'bout friends.
Always will be there,
Yeah, yeah friends.
Always be friends.
We'll be friends together.
Yes we will,
Yes we will,
Oh, oh, oh, oh, oh, oohhhh.
