[Chorus]

Hold on we'll go our separate ways
Hold on we'll go our separate ways
Hold on we'll go our separate ways

[Verse]

We're not talking, your silent eyes
Look at me please, we'll be alright
And I'll drop to my knees, hold you tight
Kiss you forever and I'll tell you forever
I love you I said, that night was yours
You said it back, I knew it for sure
But it died in you, in a second and I knew
So now write back coz this letters for you

Perfectly said, but you never said a word
The silence will be broken by the thousand sounds I
heard
I said I've done enough, I should of done more
I'll quit crying my heart out if I hear goodbye that's all
I said it's perfectly phrased, but you never wrote a word
The silence will be broken by the hand that wrote this
verse
I said I've done enough, I should of done more
I'll quit crying my heart out if I hear good bye that's all

[Bridge]

(Please) Don't leave now
Don't leave now
Don't leave now
Don't leave now
