I think I'll lose an hour or two
With you beside the water
Don't lose time in bringing me
That good thing that you ought to

Baby ? please
You've got me scraping my knees
Baby ? please
Please, please, don't make me go back to the freeze

Every time that I try to connect girl
Well, it seems that your line is engaged
I'm a slave to the way that you move me
I'm a puppy dog wagging my tail

Baby ? please
You've got me scraping my knees
Baby ? please
Please, please, don't make me go back to the freeze

Staring out of windows like a helpless child
Pouring down the whiskey like it's goin' out of style
Trying to tell myself that everything is fine
In a big rubber room with a silver spoon still on my
mind

Well, I'm pacing the floor like a tiger
Living nights that have passed into days
Looking over my shoulder
To catch anything coming my way

Baby ? please
You've got me scraping my knees
Baby ? please
Please, please, don't make me go back to the freeze
