I've been thinking a lot about the women
the booze that i've been drinking,
the days that I've been spending
something is missing from my experience

I've been living life in a hotel
high rise and low rise
I'm living in motels
something is missing from my experience

chorus:

Wanna be good to you
Wanna be good for you
Wanna do all the things
That you ask me to
Wanna be good to you
That's all I wanna do
Girl I was meant for you
I've been living my life on a wire
Try and I try
I'll take you higher
Something's still missing from my experience

chorus

You say that you need a man that is stable
Baby, what you need is someone who's able
To make you feel groovy
You've got the movie's suspense

chorus
