?It will change you, re-arrange you
Gonna make you hard to take
Leave you feeling, that you're dealing
In a world that's full of hate

When you can't see past your nose
Nothing matters and nothing grows
Everything is oh, so cold
A silent partner's taken hold

White horses, on the sea
Natural forces calling me
Out in the wind my spirit flies
Carrying to you, the love I've cried
Here we go again

It's a loser, that would choose her
As a constant friend to have
Paranoia, is the voyeur, when you're feeling things go
bad

When you can't see past your nose
Nothing matters and nothing grows
Everything is oh, so cold
A silent partner's taken hold
