"For Whom The Bell Tolls"

Visit "[For Whom The Bell Tolls](#)" on MotoLyrics.com

A city divided
The West and the East
Tear down the walls
And give them release

People are marching
They're out in the street
Shouting for freedom
Shouting for peace

How many more children
Must die on the wall?
They'll never be free
Until the bell tolls

The toll of the bell
Is liberty's song
A city united
Is where they belong

A push of the button
And everything's gone
Total destruction
Comes with the bomb

How many more children
Must die on the wall?
They'll never be free
Until the bell tolls

How many more children
Must die on the wall?
They'll never be free
Until the bell tolls
