Follow the piper follow the drum  
Follow the footsteps our comrades begun  
'Till the battle's, the battle's won  
Follow the sabre follow the gun  
For King and for Country we stand here as one  
'Till the battle's done, battle's done We are brothers in  
arms  
We fight for the cause  
Together we stand  
Divided we'd fall  
On the killing ground  
Killing ground Cannons are roaring from left and to  
right  
Into the carnage before us we fight  
'Till the day is won, day is won  
Thousands have fallen around us they lie  
Onwards together we fight or we'd die  
'Till the day is done, day is done  
Yeah We are brothers in arms  
We march for the cause  
Together we stand  
Divided we'd fall  
On the killing ground  
Killing ground Charge into battle victory we cry  
Onto the lances our sabres held high  
Hear our battle cry, battle cry  
The field is now silent conflict is done

Marching to glory through rivers of blood  
To our battle cry, battle cry We are brothers in arms  
We die for the cause  
Together we stand  
Divided we'd fall  
We are brothers in arms  
We die for the cause  
Together we stand  
Divided we'd fall  
On the killing ground We are brothers in arms  
We fight for the cause

Together we stand  
Divided we'd fall  
We are brothers in arms  
We die for the cause  
Together we stand  
Divided we'd fall We are brothers in arms  
We march for the cause  
Together we stand  
Divided we'd fall
