Raise your banners, raise them high  
In your homeland hear the cry  
From the battle, turn to home  
Back to England to claim your throne

Six white horses, you must ride  
Loyal comrades by your side  
Prince of lions, the second son  
Through the darkness the king will come

Lion, lionheart  
Defender of the faith  
Lion, lionheart  
Protector of the state  
Lionheart

Your crown awaits you, the chosen one  
Tell the people that freedom's come  
Light the beacons, ring the bells  
Sing you minstrels there's tales to tell

Send the message across the land  
The king returns with sword in hand  
Law and order, he will restore  
Evil tyranny will reign no more

Lion, lionheart  
Defender of the faith  
Lion, lionheart  
Protector of the state  
Lionheart, lionheart

Raise your banners, raise them high  
In your homeland hear the cry  
From the battle, turn to home  
Back to England to claim your throne

Build your castles, guard the keep  
Behind these walls the city sleeps  
No more conflict, the blood is shed  
Three gold lions on flags of red

Lion, lionheart  
Defender of the faith  
Lion, lionheart  
Protector of the state

Lion, lionheart  
Defender of the faith  
Lion, lionheart  
Protector of the state  
Lionheart, lionheart
