

## Saxon "Slow Lane Blues"

Visit "[Slow Lane Blues](#)" on MotoLyrics.com

I was driving down the route doing 185  
Just me and my friends out for a drive  
I should have seen the trouble looming ahead  
Should have known better I was into the red  
But I never saw the gun I never saw the law  
Hiding in back of a 4 by 4

Caught on a photograph guilty of driving fast  
But some days you've got to lose  
I'm in the slow lane I've got the slow lane blues  
Slow lane blues

They took me to the side and gave me some grief  
Said I was crazy I couldn't believe  
Good cop bad cop they played the routine  
They took away my car I tossed them the keys  
Their was nothing on the road when I gave it the gas  
I never saw the law we were having a blast

Caught on a photograph guilty of driving fast  
But some days you've got to lose  
I'm in the slow lane I've got the slow lane blues  
I gotta blues

They said I had it coming a matter of time  
Driving like a fool ignoring the signs  
But I never saw the gun I never saw the law  
Hiding in the back of a 4 by 4

Caught on a photograph guilty of driving fast  
But some days you've got to lose  
I'm in the slow lane  
I was caught on a photograph guilty of driving fast  
But some days you've got to lose  
I'm in the slow lane I've got the slow lane blues
