(Courtney Love)

It's better to burn out than to fade away

(MTV and NBC news reports)

I can't believe all there will ever be is memories
Everything I could want to be is in a picture frame
I know you're so distant, I know you're in a better place
You we're my light, I'll make sure you don't fade away

(Krist Novoselic at Kurt's memorial)

You're just another voice now
You're just another piece of time
You're a fallen angel
I can see it in your eyes
You said it'd be less dangerous
If I didn't know the light
I guess you died for music
For you the music died

(Kurt talking)

I can't believe I never met you
I feel I know you so much
Another cigarette
Maybe I'm just another life you touched
But it's me, you made me who I am
I grew from your love
I gave you everything I could
I guess that's not enough

You're just another voice now
You're just another piece of time
You're a fallen angel
I can see it in your eyes
You said it'd be less dangerous
If I didn't know the light
I guess you died for music
For you the music died

You could never burn out
You will never fade away
You could never burn out
You will never fade away

(Courtney Love)
