She's leaving me for the stars tonight  
She's had enough of this life  
And so have I...  
She'll leave me for something I don't need  
I can't find a reason to leave  
But you left me...  
Just one quiet night alone  
Before real life is all we know  
Oh, can we go?  
Oh, can we go?

Is this love?  
The way we wanted,  
What were after,  
What we've discarded  
Oh, this love  
Whether just today  
Or, forever and always  
Don't let it change...

She's gone to prove the world wrong  
I've been here, all along  
Moving on...  
If our lives are meant to change  
Why do our eyes cry the same?  
Nothing's better...  
Just one quiet night alone  
Before real life is all we know

Oh, can we go?  
Oh, can we go?

Is this love?  
The way we wanted,  
What were after,  
What we've discarded  
Oh, this love  
Whether just today  
Or, forever and always  
Don't let it change...

Do you love me?

Did you love me?  
Can you forget me?  
Do you regret me?  
Do you love me?  
Did you love me?  
Can you forget me?  
Do you regret me?

She's leaving me for the stars tonight  
She's had enough of this life  
And so have I...

Is this love?  
The way we wanted,  
What we were after,  
What we've discarded  
Oh, this love  
Whether just today  
Or, forever and always  
Don't let it change...
