Here, here
Here's your problem
You've got endless time now
There's no need to hurry
Don't get your hands dirty
Just fight, fight
Put your guard down
Cos it's an easy fight now
There's no need to worry
You could never hurt me, no

Oh, you destroy me
Oh, you destroy me

I'm fighting on my own
For what has been lost and gone
I'm needing time alone
I'm needing time alone, don't go
I'm fighting on my own
For what has been lost and gone
I'm needing time alone
I'm needing time alone, don't go

I tried to make it happen
But it just won't go my way
When did we fall behind here?
When did we fall behind here?
Can we see eye to eye?
Or just say goodbye
If I'm invisible then,

Don't let me know

Oh, you destroy me
Oh, you destroy me

I'm fighting on my own
For what has been lost and gone
I'm needing time alone
I'm needing time alone, don't go
I'm fighting on my own
For what has been lost and gone

Iâ€™m needing time alone
Iâ€™m needing time alone, donâ€™t go

Sleep like you want to be kissed awake
Dream like you want to be swept away
When the time is right, Iâ€™ll be here to say
Donâ€™t go, donâ€™t go away

Iâ€™m fighting on my own
For what has been lost and gone
Iâ€™m needing time alone
Iâ€™m needing time alone, donâ€™t go
Iâ€™m fighting on my own
For what has been lost and gone
Iâ€™m needing time alone
Iâ€™m needing time alone, donâ€™t go
