I called to tell you that I miss you
And I want to be there with you
I guess there are some things I can't control
So, don't wait up for me
I'll see you when you sleep
It's so hard to have to leave
When I was so close to coming home

If you dream
Then dream of me
It may break your heart
You'll be alright
Cos, I'll be waiting for you
And I will see you soon...

So don't forget me come tomorrow
At least I'm not one of those
Who never got the chance to say goodbye
It's so hard to end like this
With only words to say the things
That I could never say
In a thousand lifetimes...

If you dream

Then dream of me
It may break your heart
You'll be alright
Cos, I'll be waiting for you
And I will see you soon...

The days keep passing by
Though it feels like it has been so long
The lights you've kept on
I have never even turned them off
I can't believe it
You won't be in my arms again
Don't ask me to dream
Cos I can't sleep without you...

If you dream
Then dream of me

Don't ask me to dream
It may break your heart
You'll be alright
I can't believe it
Cos, I'll be...
I'll be waiting for you
I'll be waiting for you...
And I will see you soon...
