Come down
The world that's round feels flat and off it's tilt
Blow through another line
Take another pill
All your flaws and ugliness
Are washed away from drinking from this
One shot, two shot, three turns into four
Goddamn, Miss one night stand

Taking off your clothes
Looks like your drunk again
40s on the floor
Taste of your medicine
Sit down, Miss one night stand

You get away with everything
You got the looks that kill
Is it your innocence
Or is it just my guilt
All your slurs and sloppy words
They fit together in a perfect verse
One shot, two shot, three fall to the floor

Taking off our clothes
Looks like were drunk again
40s on the floor
Taste of your medicine
Lie down, Miss one night stand

Last call, baby give me a kiss
I'm gonna suck the cherry flavor right off of your red
lips
Drive down to a cheap motel
You got a secret you've been keeping
I promise not to tell

Taking off your clothes
Looks like your drunk again
40s on the floor
Taste of your medicine
Sit down, Miss one night stand

Taking off our clothes
Looks like were drunk again
40s on the floor
Taste of your medicine
Lie down, Miss one night stand
Go down, Miss one night stand
Passed out, Miss one night stand
Goddamn, Miss one night stand
