It seems that time rolls by so quickly
Leaving me feeling incomplete
In another life this might be easy
But this one is giving up on me

Take, take this pain away
Take, take this pain away
Take, take it, what you need
I don't need it
Take, take it away from me

Now you know you only talk to ghosts
It seems like all the words we said meant nothing
Nothing is all you've ever said
I find it hard to even speak
Then why are you raising up the dead?
I'm just listening for your heart beat
It's in your head, it's in your head
It's the rhythm that guides this song for me
I'll get it out, with my last breath

Take, take this pain away

Take away this pain
Take, take this pain away
Take this pain away
Take, take it, what you need
I don't need it
I don't need it
Take, take it away from me

I don't, I don't, I don't, don't need it
She won't, I won't, she won't, I won't, she won't,
believe it
I don't, I don't, I don't, I don't, I don't, don't
need it
She won't, I won't, she won't, I won't, she won't
believe...

Take, take this pain away
Take away this pain
Take, take this pain away

Take this pain away
Take, take it, what you need
I don't need it
I don't need it
Take, take it away from me
Away from me
