I'm never gonna let you in  
I don't know where you've been  
But you know, there is no place for you hear

I fell in love with you sin  
I fit underneath your skin  
You know, there is nothing for you to fear

I promise not to let you go  
I promise not to let you go

How do you want this to end?  
How do you want this to end?  
Do you know?  
I'm never gonna ever let you go  
Tell me how you want it  
Tell me how you want it  
Do you know?  
You're never gonna ever let me go  
My heart will leave yours scarred

You're perfect in your flawlessness  
You disguised a perfect mess  
You know, I won't fall again  
You just need a sweet caress  
To find your way from out of this  
You know, it's as it began

I promise not to let you go  
I promise not to let you go

How do you want this to end?  
How do you want this to end?  
Do you know?  
I'm never gonna ever let you go  
Tell me how you want it  
Tell me how you want it  
Do you know?  
You're never gonna ever let me go  
My heart will leave yours scarred

From close to gone to far  
From a brand new moon to stars  
You've been there before  
From an open wound to scars  
From a kiss to a broken heart  
I won't give any more

I promise not to let you go  
I promise not to let you go

How do you want this to end?  
How do you want this to end?  
Do you know?  
I'm never gonna ever let you go  
Tell me how you want it  
Tell me how you want it  
Do you know?  
You're never gonna ever let me go  
My heart will leave yours scarred
