No matter what you're told
It takes no time to fall in love
It might just take years
Before you realize what it was
I can say I've known love
I thank you for that
I can say I've grown up
And now I want you back

Maybe we'll give up
Maybe we'll try
To fix what I've messed up
Watch life in rewind
Whatever we decide
Baby, dry your eyes
You never have to cry
Cos soul mates never die

Whether the sun is your favorite star
Or, the moons your alibi
Just because it's night
I know, you've never meant goodbye
So, I'll sleep tight
Without you by my side

I said, I'll sleep tight
Cos true love never dies

Maybe we'll give up
Maybe we'll try
To fix what I've messed up
Watch life in rewind
Whatever we decide
Baby, dry your eyes
You never have to cry
Cos soul mates never die

Some things never die

Maybe we'll give up, give up
Maybe we'll try, we'll try
To fix what I've messed up, messed up

Watch life in rewind, rewind
Whatever we decide, decide
Baby, dry your eyes, dry your eyes
You never have to cry, cry
Cos soul mates never die
Soul mates never die
