When they play my life back on the silver screen
You directed I just played the lead
I never knew what type of film it would be
I lived a drama turned tragedy, soÂ...

Keep, keep holding on
Keep, keep holding, just
Keep, keep holding on
To it allÂ...

I always thought that the world was round
And maybe we were all heaven bound
But I am at the edge and IÂ'm looking down
To the ground, soÂ...

Keep, keep holding on
Just let go
Keep, keep holding, just
Just let go
Keep, keep holding on
Just let goÂ...
To it allÂ...

Who are you to say
Things never change

Everyday
A future is made
Before you sleep
Decide your dream
Or youÂ'll never see me again

Just hold on
Just hold on
Just hold on
To it allÂ...
Just let go
Just let go
Just let go
And fall, and fallÂ...

A thousand words I could never say

A thousand more I can't take away
I can't believe I'll never see your face
I'll never see your face again
Living with the choice you made
It feels like you can't face the day
Heaven is so far away
Heaven is so far away...
Heaven is so far away
You'll never see me again...
Just let go...
