

Say Never "Untouchable"

This crowded space feels like an empty room
All of these faces and none of them are you
I stare at the mirror, it stares hard at me
It couldn't be clearer for my eyes to see
I knew one day you'd leave

I'm barely alive
Living without you
This can't be home
I open my eyes
But I can't see you
Where did you go?
So far away
You're untouchable

I'll hide away in what feels like hell
Safe from myself, safe from everyone else
I don't need your reasons, don't need your excuse
I hang on to every word you say and I love the abuse
I can't do this without you

I'm barely alive
Living without you
This can't be home
I open my eyes
But I can't see you
Where did you go?
So far away
You're untouchable

Everything I touch I break
So keep your heart safe
Stay away, stay untouchable

Everything I love is fake
So keep your heart safe
Stay away, stay untouchable

I'm barely alive
Living without you
This can't be home

I open my eyes
But I can't see you
Where did you go?
So far away
You'll be okay
Cos you're untouchable
