

Say Never "Way Back When"

Wouldn't I have told you if I
Would have wrote you off completely?
Wouldn't I have told you if I
Would have shown you everything?
I love the way you say no
The way you keep me around
I love you to watch you go
I love the way you shot me down

I'm going way back, way back
I'm going way back when
Shut your eyes, shut your eyes
Eyes real tight
Shut your eyes
Open them tonight...

Wouldn't I have told you if I
Would have wrote you off completely?
Wouldn't I have told you if I

Would have shown you everything?
I love the way you say no
The way you keep me around
I love you to watch you go
I love the way you shot me down

I'm going way back, way back
I'm going way back when
Shut your eyes, shut your eyes
Eyes real tight
Shut your eyes
Open them tonight...
I'm going way back, way back
I'm going way back when
Shut your eyes, shut your eyes
Eyes real tight
Shut your eyes
Open them tonight...
