This life is too short to waste it (waste it)
Try everything Â– come on and taste it (taste it)
You've got no reason to hide
You are wonderful Â– get up and turn on the light

Dry your tears and smile again
That's what you gotta d
It's time to leave the past behind
Just one step left to go (GO! GO!)

Hey hey Â– come on, come on
It's your way Â– so take it, take it
Hey hey Â– get up, get up
There's no way Â– to stop us, stop us right now

So live it up! HA!

You don't have to live in your dreams (dreams)
There is more sun than it seems (seems)
You've got no day but today
Break free from your chains Â– and get on the way

This is the moment we live
The moment we breathe
There's nothing in between
This is the one chance we got
To get up on top
To be what we wanna be

Hey hey Â– come on, come on
It's your way Â– so take it, take it
Hey hey Â– get up, get up
There's no way Â– to stop us, stop us right now

Get away get away
(From it all now)
Getaway getaway
(Get away somehow)
Get away get away get awa-a-a-a
I gotta get away, you gotta get away

Get away get away

(From it all now)
Getaway getaway
(Get away somehow)
Get away get away get awa-a-a-a
I gotta get away, we gotta get away

... gonna get away...

Hey hey
It's your way
Hey hey
There's no way to stop us, stop us right now

Hey hey come on, come on
It's your way so take it, take it
Hey hey get up, get up
There's no way to stop us, stop us right now
