Creeping like a spider  
Ignore the marks that evil has left behind  
They starve, you bloat  
They die and still you bloat

And yet the people wait  
The people are waiting  
Watch the water and let it guide you  
Watch the water and let it kill you

Die, follow the water  
Die, follow the water  
Die, follow the water  
Die, follow the water.

Choking like your fucker  
They choke on bones that you left behind  
They starve, you bloat  
They lifted you up

How can they wait  
You've eaten the children  
Watch the water and let it guide you  
Watch the water and let it kill you

Die, follow the water  
Die, follow the water  
Die, follow the water  
Die, follow the water

Heads are rolling down your golden stairs  
Can you come closer to them

Die 6x

Heads are rolling down your golden stairs  
Tell me, does your bitch need another ring or they die  
4x

I hope you fucking die
