My dissapointing masterpiece
Ungrateful stupid child
Who swallowed the words that you uttered
God forgive your gluttony

Broken from a dreamer's night
You've grown to lie as liars do
He casts his needy spell on you
God forgive your ignorance

Time will condemn your gluttony
Time will condemn your ignorance
Time will condemn your gluttony
Time will condemn

Your demons are swallowing you
I filled your empty spirit
I gave you legs so you could run

His head twisting 360 degrees
You seem to be frightened
Don't you think he's beautiful now?
Doesn't he look so precious?
You seem to be terrified
Can't you see?
He's beautiful now while his head is spinning fast

Time will condemn your gluttony
Time will condemn your ignorance
Time will condemn your gluttony
Time will condemn

Your demons are swallowing you
I filled your empty spirit
I gave you legs so you could run

The growing madness in your head
I care not that your tears fall on the ground
For they are just illusions

A trick of the light
A trick of your mouth

A trick of the light

Your demons are swallowing you
I filled your empty spirit
I gave you legs so you could run

Time will condemn your gluttony
Time will condemn your ignorance
Time will condemn your gluttony
Time will condemn

You run
