Look down they're all crawling
Wont you look here?
I'm dying can't you see?
Come down I've been waiting for you
Won't you come here
I've been waiting
Hold me until I'm gone
Say you'll never sober me up
I hear my name as you call
Can you feel my ghost walking on you
Look down they're all over me
Watch my skin it's
Slowly turning purple
Help me, I've been waiting for you
Won't you fix me now
I've been waiting
Hold me until im gone
Say you'll never sober me up
I hear my name as you call
Can you feel my ghost walking on you
The darkness like a shroud that draws carefully
Around my twisted memories
Falling into alcoholic seas
Go on push me down the gutter
Go on push me down the gutter
Where I lay awake amongst the little clowns
Never look back at me
Coz your eyes are making me cry
Go on push me down the gutter
Now I want you to come with me
The darkness like a shroud that draws carefully
Around my twisted memories
Falling into alcoholic seas
Go on push me down the gutter
Go on push me down the gutter
Go on...
