Red eyes broken down  
Fear of waking up  
Living means feeling  
Feeling means defeat  
Don't ever wanna wake up

If only I could understand  
The reason for my crying  
If only I could stop this fear  
Of dreaming that I'm dying

Outside me I'm blooming  
Inside me I'm dry  
Living means feeling  
Feeling means defeat  
All this fear of dying

If only I could understand  
The reason for my crying  
If only I could stop this fear  
Of dreaming that I'm dying

All this fear
