

## Sayyadina "Confrontation"

Visit "[Confrontation](#)" on MotoLyrics.com

Confrontation  
Hard as stone cold as ice  
Desperation  
I'm dying again and again  
Separation  
I'm leaving this place now  
Intoxication  
Can't think straight at all

The point of no return  
I'll burn in your fire again

Destination  
What's the fucking point  
Explanation  
Don't make me do this again  
Damn this nation  
I'm leaving this place now  
Resignation  
Thanks for nothing  
Thanks to you

The point of no return  
I'll burn in your fire again
