Walked you home
Took the long road just so I could hear more of your
voice
A quick stop outside the Statoil station buying cheap
beer 3.5
It's only going to lead up to something bad
In the end
It's only going to lead up to something bad
In the end

I am scared
You are too good looking in your black black fringe and
your anorak
All this forest
It does something to me I get far too honest and say:
Please don't kiss me it's only going to lead to
something bad in the end
It's only going to lead up to something bad in the end

All is cold
You can wear my jacket, you're walking far too close to
me
You misunderstood, I'm not worth any of this
I don't have a thing that you might want
and it's only going to led up to something bad in the
end
It's only going to led up to something bad in the end
Please don't kiss me it's only going to lead to
something bad in the end
Please don't kiss me it's only going to lead to
something bad in the end

You kissed me now it's going to lead up to something
bad
