You don't know about this
But I'm waiting for you
One day you'll be on your own
And I'm waiting for you
I'm biding my time
And it's gonna take time
No I haven't told you
That I'm waiting, waiting

You aren't handsome I know
But there's something with you
Felt like I just came home
The first time I laid eyes on you
It all makes perfect sense
We all know except for you
You would never have guessed it
But this evening I'll be thinking of you

One day you'll be on your own
One day you'll be on your own

She's got the fakest of smiles
I have seen it
How did you not notice
All those years that passed by
And I have seen your pupils
Seen them grow each time you look at me
You would never have guessed it
But you will be mine eventually

One day you'll be on your own
One day you'll be on your own
One day you'll be on your own
