Six days in I'm struggling to keep myself awake  
Unheard, away from her  
She's got me pinned, my back to the wall I'm thinking  
this is it  
So long, too bad, move on  
And then I stop and I realize what went on and I realize I  
was wrong  
To her, inside it hurts  
So this is me softly whispering uncut untold untouched  
alone  
Discovered

Please don't think anything I say is from my mind  
It's not, my language my thoughts, no  
Everything you hear is exactly what I fear  
my dreams, my years, my nightmares, my tears  
And when I write I feel I'm undeserving of you  
I try I do I hide it  
I wish you would believe how far you've carried me  
Uncut untold untouched alone discovered

I never said the things I wanted to when you were there  
And now I know it word for word what I'd say to you  
here  
And then I'd show you how much I've discovered  
I told myself I wouldn't let it push me this far again  
And I was careful not to do it but now look where I am  
So unworthy, now I've discovered
