10 days ago you said you wanted to meet him
Now here you are, you've got him and he isn't
leaving
You say you're scared he might say no
Forgetting what you learned a long time ago
nothing's impossible

[Chorus] Tell him you want him I'm sure he would
love to hear it
If that's what you wanted then don't make your
love a secret
You only live once do what you want
Tell him you love him with all of your heart
After all, nothing's impossible

Oh my gosh did you really just say what I think you did?
Yep
Oh my gosh you don't even know how far you can
take this
Take this hold it real tight take a real close look
Your smile, your eyes, you're beautiful
Don't you see, you have everything

[Chorus] Tell him you want him I'm sure he would
love to hear it
If that's what you wanted then don't make your
love a secret
You only live once do what you want
Tell him you love him with all of your heart
After all, nothing's impossible

Do it right now get out your pencil and paper
Write it all down so you can remember this later
Do it right now, yeah

[Chorus] Tell him you want him I'm sure he would
love to hear it If that's what you wanted then
don't make your love a secret You only live once do
what you want Tell him you love him with all of your
heart After all, nothing's impossible
