Let it be let be she's here with you because she
wants to be stop trying to find a reason for everything
she does

Part of me is holding back because I want to see what
happens next I love to be in the moment
Especially with her

I don't know if I'll ever be the one, I don't
think I can get it done I don't know if I'll ever be
the one, all my confidence is gone, hmm yeah

[Chorus] Maybe I should wait
Why am I afraid? I don't know
See this is my mistake
I'm always overthinking everything

See right here is a perfect example, she looked at me
and then she looked back away
What the hell is that supposed to mean? I don't
know what you're thinking
And then a thought pops into my head, I lean in and I
kiss her
I'm pretty sure that she likes what I did so I lean in
and I kiss her again but

I don't know if I'll ever be the one, I don't
think I can get it done
I don't know if I'll ever be the one, all my
confidence is gone, hmm yeah

[Chorus] Maybe I should wait
Why am I afraid?
I don't know
See this is my mistake
I'm always overthinking everything

I think I need to take a chance; I'll either sink or
swim
I don't want to think again, I'll just do it.
