Music by Steven Kolacny, Lyrics by Vincent Neyt & Steven Kolacny

Oh my love
can't you see
how I love you
how I need you

Oh my love
sing to me
when you whisper
in your sweet voice

magic, every word is
magic, every kiss from

You my love
make me blush
stir my senses
take my breath a-

way my love
make it stop
you've cast a spell
made me helpless

magic, every word is
magic, every kiss from you

every bad dream
every sad scream
fades away when you release your charms
when those wild eyes
look into mine I can feel the

magic, every word is
magic, every kiss from you
