Sirs, now that youve saved me, I think I must explain
I am mankinds dreadful legacy
Inheritance of those who fear
And you, who look so strange, it seems you go the
might
So reinforce my iron hull
And help me to return
DO YOU KNOW - I was left alone
Hate kills - it's deep down in my bones
Think hard - wish I was dead
Hate kills - please tell me why Im bad
Hate kills Hate - Hate kills Hate
I always took the wrong way, when I made my choice
Invincible body, destructive mind, decisions of a god-
damned fool
I - I lived a life of criminal desire
I - was a tool in fates cold grip
Break the wall - but there's still so much pain
Leave your hell - so many times Ive tried
AND NOW YOU KNOW - too late to turn
Hate kills - still my bowels burn
Think hard - can't go ahead
Hate kills - a chance to start again
Hat kills Hate - Hate kills Hate
Break the wall - you did wipe off the pain
Leave your hell - you did boost me up
AND NOW YOU KNOW - no longer alone
Hate kills - feel like made of stone
Think hard - I strike out the past
Hate kills - but how long will it last?
Hate kills - Hate
