Listen to me
Why do I sound so miserable
Is it cause I'm vulnerable
I'm livin denial but I stand up

When you talk to me
What do you say so beautiful
Things that you say are sinical
If you stay alone leave me alone

I feel so alone in the dark
It seems there's no way to get out
Even when I tried so hard
Just to stay here
Just to stay here

Lookin around
Why do you act so sceptical
You know that you're irrististable
You're innocence just a fireball to me

Talk to me
The presences are so questionable
The feeling inside is horrible
If you stay alone leave me alone

I feel so alone in the dark
It seems there's no way to get out
Even when I tried so hard
Just to stay here
Just to stay here

How should I feel..
How should I feel..
How should I feel..
How should I feel..
How should I feel..

How should I
How should I feel..
How should I
How should I feel..

How should I
How should I feel..

How should I feel..
