It rises it rises it rises it rises it rises  
It rises it rises and my eyes  
Say and my eyes say and my eyes say  
And my eyes say and my eyes say and my  
Eyes say push me away  
Rage of inconsistence  
A wall of inviting fading color.  
I fade through your sight disguised.  
And I will hand you this birth  
Untie you with words  
Give you what i burned

A crutch of tunnel vision  
Forced denial- I reconcile  
Crave till I die.  
And I will bleed you this world.  
Untie you with words  
Forsake you this hurt.

And you can't reach for me  
Yet you reek of me  
I'm still alive today  
Forced dreams will make you see.

I can't fuck with the minds of the brainless  
Found another way to get inside.  
This shield has left you shameless  
I'm witness to your suicide.  
Fall fall fall fall fall fall fall fall

Grow. Grow cold like me motherfucker.  
Grow. Grow cold with me motherfucker.  
My vision is endless  
Mindfucking the brainless  
My power relentless  
Mindfucking the brainless.

For once my eyes are clear  
No tunnel vision here.

Grow. Grow cold like me motherfucker.  
Grow. Grow cold with me motherfucker.

My vision is endless  
My power relentless  
My vision is endless  
My power relentless.

I feel sick (8x)
