I know you're out there
I know you're listening to me
I know you hear me
When will you quit ignoring me

I've given everything I could for you
How much more can I take
Before I break

Are you even worth it
Or just a waste of time
Are you even worth it
Don't be playing games with my mind

You know I'll wait here
You know I'm never giving in
You know I'm doubtful
So why won't you just let me begin

Prove me wrong so I can just move on
How much more can I take
Before I break

Are you even worth it
Or just a waste of time
Are you even worth it
Don't be playing games with my mind

Where do I begin
You won't let me in
I feel I'm running out of time

Tell me why should I
Even want to try
When you can't even get it right
