I don't want you coming here
No way, no way
I can't have you staying here
No way, no way
Every time I ever wanted
All the good things that we use to know
And I know you're not expecting
To go on second guessing
But I think it's for the best

I don't want you coming here
No way, no way
I can't have you staying here
No way, no way
Every time I see your eyes
I want to walk with you in moonlight
And I know you're not intending
To go on jusy pretending
But I think it's for the best

But when you're with me darling
I don't believe in anyone else
I'm so confused by you
I don't know what to do
I don't want you coming here

I don't want you coming here
No way, no way
And I can't have you staying here
No way, no way

Oh, when you're with me darling
I don't believe in anyone else
I'm so confused by you
I don't know what to do
Oh, when you're with me darling
I don't believe in anyone else
I'm so confused by you
Love tell me what to do

Oh, I don't want you coming here
