Scarlett:

when i met you, i didn't know what to do.
i was tired , i was hungry, i cried.
now, i'm awake i ride home everyday, and i see you on
the t.v., tonight.

Both:

you can see there's lots for us to talk about.
you can leave whenever you are out. you are out.

Pete:

get old with age with me little girl.
you don't wanna stay with me little girl.
oh,no.

Scarlett:

when i met you, i didn't know what to do.

but i noticed that i didn't really feel.
now you're awake, you're at home everyday.
i don't beg i don't bother but still.

Both:

you don't think there's lots for us to talk about.
you can leave whenever you are out.

Pete:

get old with age with me little girl.
and you don't have to stay with me little girl.
(repeat)
