Our love seems so right,
how can it be wrong.

I belong to someone else,
and that's not what I want.

I don't know what I want,
I don't know what to do.

All I know is what I feel inside,
and what I feel is you.

What I feel is you,
each moment I live for you.

I loved you too long to let you go,
I've got to see this through.

I can't make it without you Baby,
only one thing left to do.
Got to follow what I feel inside,
and what I feel is you.

Love just happens sometime when you least expect it
to.
Your heart knows that love grows no matter what you
do.

I tried so hard to say good-bye,
but I knew I never could.

What I feel is you,
each moment I live for you.

I loved you too long to let you go,
I've got to see this through.

Can't make it without you Baby,
only one thing left to do.
Got to follow what I feel inside,
and what I feel is you.

I've loved you too long to let you go,
I've got to see this through.

Can't make it without you Baby,
only one thing left to do.

I've got to follow what I feel inside,
and what I feel is you.

What I feel is you...
What I feel is you...
What I feel is you...
What I feel is you...
