

Scars On 45 "Warning Sign"

Visit "[Warning Sign](#)" on MotoLyrics.com

Just another warning sign that fail to show.
Looking for a reason why, I knew you'd never know.
Every time it leads us here, we're high and dry.
Show me these years of hope won't die.
I never knew a warning sign could hide and fade.
Looking for a new road out and I've got a life to save.
But now I don't feel you here by my side.
Show me these years of hope won't die.
(Chorus)
I will rescue you, if you'll rescue me.
There's a hole inside that they'll never see.
I will stand by you and every soul knows why.
You will be holding a warning sign.
I will rescue you, if you'll rescue me.
There's a hole inside that they'll never see.
I won't hold you back.
And we don't feel that.
Looking for a warning sign to break our fall.
When everything seems so right - surprise, surprise,
you never called.

We don't need you here - you're high and dry.
Show me these years of hope won't die.
(Chorus)
I will rescue you, if you'll rescue me.
There's a hole inside that they'll never see.
I will stand by you and every soul knows why.
You will be holding a warning sign.
I will rescue you, if you'll rescue me.
There's a hole inside that they'll never see.
I won't hold you back.
And we don't feel that.
Warning sign (We don't feel that) (x3)
Warning sign (Breaks this feeling)
I will rescue you, if you'll rescue me.
There's a hole inside that they'll never see.
I will stand by you and every soul knows why.
You will be holding a warning sign.
I will rescue you, if you'll rescue me.
There's a hole inside that they'll never see.
I won't hold you back.
