Forgive and forget
It's just a memory
It won't get me very far this time
Is what I've done to you unforgivable?
Silence fills the room and I get the message.
The emptiness is all that's left this time.
Is what I meant to you that forgettable?

Better than
Better than me, of course.
You're always right.
You're always on the ball.
Better than
Better than everything
I've done for you, 'cause now you can finally sleep.
Can you smile too?

I took it as a threat
You meant it as the doctrine
Of everything that was and would become.
I don't have to ask, you don't miss me at all.
You made it so obvious
When you slowly walked away
And then I prayed in vain.
I would've traded everything
Even for just a taste.
I'll live with the loneliness.
But I'll never forget
I was never your best bet.

Better than
Better than me of course.
You're always right.
You're always on the ball.
Better than
Better than everything
I've done for you
Cause now you can finally sleep.
Can you smile too?
Now you can sleep, can you smile too?
Can you smile now that im gone?
