Crucify me upside down on a wooden cross. tell me
that i'm worthless and all i am i lost. tell me that i'm
useless and i'll amount to nothing. if i'm like you then
i'll be something. blinded by lies and useless tradition.
blinded eyes (drowned in submission). blinded by lies
and useless tradition. blinded eyes (drowned in
submission). blinded by lies and useless tradition.
blinded eyes (drowned in submission). blinded by lies
and useless tradition. blinded eyes (drowned in
submission). i've never been like you and i know i'll
never be. so just take this time to crucify me. tell me
that i'm useless and i'll amount to nothing. i'll never be
like you and to me that's something.
