I'm caught in between
Of losing you and losing me,
With just one
Decisive stare,
I forget the time it takes to get from here to there.

I'm so much better than I used to be.

Take me there,
Away from here,
Where the time stand still,
When I'm with you.

Take me there,
Away from here,
Where the time stand still,
When I'm with you.

You're
The phase that fits this hole,
Healing my side of broken soul,
Went up with size
Of moments alone I cry,
The rest is history
My tears are now my eyes.

I'm so glad that you exist,
A friend like u how can I miss,
Distance is the burden truth,
Holds the life and well with you.

Take me there,
Away from here,
Where the time stand stills,
When I'm with you.

Take me there,
Away from here,
Where the time stand still,
When I'm with you.

(Over again...) 12x

Take me there,
Away from here,
Where the time stand still,
When I'm with you.

Take me there,
Away from here,
Where the time stand still,
When I'm with you.

I'll take the chance
To be with you,
And the song I've got,
To go on.

I'll take the chance
To be with you,
And the song I've got
To go on.
