I know you from the hood
Where the â€¦ no good
You are so far from where you should be
That tattoo on your arm you say it's causing you harm
Not as close as I am going to be
She pays attention so I know that she is feeling me
Something is missing maybe is the way I speak
She says she likes that .. so I switch on my game
Switch on my tune I'm gonna have her loving me soon
I'll make you a star I can take you far
Tell me would you strip 4 me?

I'll give you the world I'll make you my girl
Only if you let me see I'll do anything
I'll put that on anything
Then I'll .. body breaks
Been around the world
Met so many girls
But none of them were quit like you
Like you

Baby I know you from 2009
So let's try something difficult tonight
Cause I wanna be .. into you
I know you are used to this .. tune
You like the way you touch me
Until I come and put it down
Baby there ain't no better for you
Girls you said me the truth
Cause if you have given up that love
Let me tell you what's up

Has anybody ever told you baby
You are a â€¦
Be my devil Diva
The way that you move your body
You're making me wanting your body
From head to toe
I want you to know
I want your body
Baby come up we can do anything

I'll make you a star I can take you far
Tell me would you strip 4 me?
