So Iâ€™ll sit back and watch the fireworks
Or Iâ€™ll just sit back and watch myself burn out
Burn out
Itâ€™ll be the kind of show that only you and I would know
how to
Put on

White knuckled hands to the wheel
Red faced and maybe this time
Youâ€™ll know how it feels
To be where I am
Right where you are
White lies donâ€™t hold a candle to the fire you start
When you start holding out
Stop holding out
Youâ€™re holding out

Crash and burn
Iâ€™ll crash and learn my lesson
Youâ€™ll be the greatest teacher that I have ever had
Bruise and break
Iâ€™ll bruise and take my chances on
Someone other than you

Taste it [x2]
Whatâ€™s that bitter in my mouth?
The bitter taste that comes from finding out
You were the last to know
How would you know?
Why do I feel like the outside looking in?
Donâ€™t know where to start but you know how it ends
How does it end? [x3]

Crash and burn
Iâ€™ll crash and learn my lesson
Youâ€™ll be the greatest teacher that I have ever had
Bruise and break
Iâ€™ll bruise and take my chances on
Someone other than you

Crash and burn
Iâ€™ll crash and learn my lesson

You'II be the greatest teacher that I have ever had
Bruise and break
I'II bruise and take my chances on
Someone other than you
